## "DRYS" WERE THE VICTORS IN OHIO AND KENTUCKY

Only Two States Where Prohibition Was a Direct Issue So Decided

Coolidge Wins In Massachusetts; Queer Situation In New Jersey

(Canadian Press Wire) New York.—Ohio and Kentucky, the only two states holding elections yesterday at which prohibition was a direct issue, ended their votes with a majority of volunteer abstainers, the result of popular return, submitted at midnight.

With more than half of the state reported returns of State Senate predicted it would be found Ohio had voted "dry" all four prohibitory propositions, while the returns that the majority would approximate 55,000.

In Kentucky it appeared that the state-wide prohibition act had been carried by a large majority.

KENTUCKY.—(Canadian Press Wire) Louisville, Ky., Nov. 5.—With ten counties making out of 129, an official return early to-day gives Edwin P. Morrow, Republican, a majority of 25,700 over John H. Johnson, Democrat, in the race for Governor of Kentucky. Kentucky State Headquarters predicted yesterday that returns from the 19 remaining counties will give Morrow a total majority of thirty thousand.

Thus, returning from thirty counties, indicate that state-wide prohibition amendment was defeated by a majority of 15,551.

Twenty-two counties, including all of the state, and eight were against it. Jefferson County, which includes Louisville, lost 775 against the amendment and 7,541 for it.

OHIO.—Columbus, Ohio, Nov. 5.—Ohio yesterday voted to prohibit the dry vote, and a majority, which means three times the size of that by which it voted prohibition a year ago, adopted a constitutional amendment to prohibit returns received early to-day at the office of the secretary of state. Partial returns from 100 of the 192 counties indicated a dry majority on all four prohibition proposals of approximately 55,000.

In addition to defeating the proposed repeal of state-wide prohibition, Ohio yesterday voted by apparently big majorities to uphold the federal amendment, to update the Federal Constitution, to ratify the Federal prohibition amendment to kill a proposal for the manufacture and sale of any drink containing more than .25 per cent alcohol, and to put into effect the Gable prohibition enforcement bill.

Missouri, Indiana, and Davis, Republican, were re-elected. Coolidge, Independent, was re-elected.

After her marriage to Countess de Perigny, she became the head of the nursing staff of the entire French Army.

## LEAGUE WILL MEET IN PARIS

(A. P. Special Cable)

Paris, Nov. 5.—The first meeting of the Council of the League of Nations will be held in Paris, the Supreme Council decided today. It did not, however, fix a date for the gathering.

One of the interesting characters at the meeting will be Dr. Elizabeth Van R. Gillette, of the second Schenectady district, a Democrat, who, during her last year, married Martin J. Healey, the Democratic incoming in the 19th New York district.

It was agreed that the countries which the world body should consider at this meeting only may be passed upon immediately after the formal ratification of the German peace treaty.

## NELSON AND HALCROW WERE EXONERATED

Labor Party Last Night Voted Confidence in Them.

## TOLD EVERYTHING

Nelson Made No Apology for Voting \$1,500 to Sifton.

The Independent Labor Party, last night, at its meeting attended by 1,000 members, voted confidence in Labor Leader George Halcrow, M.P.-elect, and voiced its opinion to the effect that the labor representatives and delegates were to be given the amount of criticism and abuse heaped upon him from all sides for an alleged misuse of funds which occurred at Oakville on Oct. 21.

After a lengthy explanation the same committee was exonerated of hydroponics. Gordon Nelson, who was censured for supporting an increase of \$1,500 in salary to Harry Sifton, told the meeting that he had been told to do so by the executive committee.

The meeting, at times, was tense.

President Harry Bourne occupied the chair. At the outset he said he had no objection to the action of the executive committee in voting for the authority on which the meeting was called.

It was disclosed that the meeting was the first to be called by the executive committee.

Mr. Taylor, however, maintained

that the executive committee was not

left in the discretion of the executive.

## FOUND OPIUM IN HOUSE BUT LET HER OFF

Police Told of Finding "Pipes" Syringes and Drugs.

## PRESNAIL REMANDED

Swore He Had Not Heard of First Wife for 12 Years.

Charged with having opium in her possession in contravention of the Opium and Drugs act, Mrs. Hazel Taylor, 15 Railway street, was allowed to go free this morning, in Police Court. Constables Buckett and Hurst told of going to the house on October 2, to search for liquor, and when arrested, a woman said she had been possessed a hypodermic syringe and pipes. Mr. Taylor, however, of the prosecutor, disclaimed all knowledge of the woman, although he admitted having been in court several times for having opium in his possession.

The woman, Mrs. Presnail, and George Kapuk, both charged with having committed a breach of the O. & D. act, were also released.

Three youths, John Higgins, 201 Queen street east, Fred Taylor, 233 Barton street east, and Gordon Grover, Salvation Army Post, each

paid fine \$10 for having committed

a breach of the O. & D. act.

The man, Presnail, was remanded until October 25.

Theft and bawdry were the two charges preferred against Fred Presnail.

He was remanded until October 25.

Both charges preferred against Presnail were defeated by men for re-election.

### The Things to Look for in Your Laundry

Back in the time of "mangles" and "bleaches" — you didn't expect much more from your laundry than a sort of rough and ready clean.

But now, when washday troubles bear upon you and you seek a laundry that will give your laundry the considerate attention it should have, you want:

1. Unexceptionable quality of clothing  
2. Washing without mangles  
3. Cleaning without rubbing and boiling  
4. Special treatment for special articles  
5. Use of soap, detergents and soft water  
6. Drying without flapping  
7. Ironing without scorching  
8. Bleach cleaning and rinsing  
9. Immaculate finish  
10. Definite delivery  
11. Courteous service  
12. Moderate prices.

These are the ideals upon which we have decided to build our FAMILY LAUNDRY SERVICE.

If washday worries vex your spirit, bundle your troubles in a laundry bag and our drivers will call for them.

## No Change Will Be Made On Tiger Back Division For Game With Montreal

**Officials Well Satisfied With Work of McKelvey, McFarland and Leadley--Practice Last Night**

Slippery underfooting did not prevent the Tigers from getting in a full hour's practice on the football field last evening and so much speed was shown that Coach Barren hoped for a dry run. The weather was perfect, the air was uniform and the entire time was spent in perfecting the plays to be used against the Argos. It is to be noted, however, that reports there is no change in the Tiger back division on Saturday. The coach was away, but the players were told that of Crocker replacing Leadley but when asked this morning if it was right, he said, "I don't know. There is no need of a change on the back division." McKelvey, McFarland and Leadley will practice again for the last two starts and I can see no reason why a change should be made in them. There is no change in the back division on Saturday; it is a certainty that they can do much better if given more support from the coaching which did not hold in the old time against Argos.

The only change announced for Saturday was that "Husky" Reid will be moved to middle wing. In addition, Reid, Reiter at inside, will have shown so much speed in the two practices held this morning that he has been told that he will move him to middle wing. He was out last evening and all the time, though, who showed him the distance against Montreal.

A Toronto man will be appointed to handle the game on Saturday and the Tigers would like to see that the game is referred fully to the Tiger of the Kilt master to Chairman Galt. Ottawa game here one week ago Sat. by mail to-day.

## Argonauts Decide to Protest Saturday's Game Evidence and Affidavits Will Be Forwarded to Big Four To-day--Crowd Was on Field, Says Linesman

**Football**

Football, No. 5—Members of the team last night and discussed the protest lodged against Hamilton's Tiger-Saints. The protest was unanimously decided to be filed with the Big Four Executive today. The evidence and affidavits will be forwarded to the Big Four Executive to-day.

The protest was to the effect that lodgment, but it was the popular opinion that in this case the Tiger was right. The protest was filed, but the damage done must be offset, cited that, following the touchdown, the Tiger officials, fearing that Argos would not recover from the first attempt of the day to make the spectators leave the playing field.

W. H. Kennedy, who acted as linesman, stated that previous to McKelvey's dash he was warned Judge-of-play Quigley that the power of the ball had gone. Quigley, however, paid no heed. Kennedy's version of the affair with his chief referee, the latter fell back. McKelvey turned and continued down the field, was taken behind the sideline at this stage.

**VERSIONS AGREE.**

The players' accounts coincided with that of Kennedy's version of the affair, that they stopped when saw McKelvey mix with the crowd. They agreed that the ball had gone off the playing field.

B. A. Bradford said that McKelvey had not admitted to him he ran, but he was informed by two Hamilton men that several of the Tiger players had admitted that McKelvey had run the ball.

The affair is deeply regretted by Argonauts, but they are uncertain whether or not they are the better team. They are not the ones who had the latter won on their merits no protest would have resulted.

The statement of one of the Hamilton men was that "Silver" Quigley's ruling favored Argos, and that the warmers got the backs. The Argos are the first, last and always, and would never stop to argue tactics to defeat any number.

The answer is that Tigers earned two points and the Oreamon team three.

Another story that caused a lot of amusement was that blighting that Argonauts were conservative in their play against Ottawa. They realize that Argonauts are dangerous and liable to sweep aside any opposition. The Argos are improving, however, and are making great progress with M.A.A.A. and Ontario, but not with Tigers.

Argonauts will again get down to hard work this evening, preparing for their meeting against Ottawa. They realize that Argonauts are dangerous and liable to sweep aside any opposition. The Argos are improving, however, and are making great progress with M.A.A.A. and Ontario, but not with Tigers.

**ARGOS KEEPING PIT.**

Argonauts will again get down to hard work this evening, preparing for their meeting against Ottawa. They realize that Argonauts are dangerous and liable to sweep aside any opposition. The Argos are improving, however, and are making great progress with M.A.A.A. and Ontario, but not with Tigers.

The Argos are the heaviest weight in the Big Four, with such backs as Shurtliff, Reid, Holden, Tracy, Brown, etc., that they are better, are more predictable in tackling ability and speed.

## HOW IT WORKS!

Canada hands you Victory Bonds in exchange for your cash or savings deposits. These Bonds pay 5 1/2 per cent interest coupons. On the 1st of May and 1st of November each year, you take out your interest coupons and present it to any Bank; the full amount is paid at once.

At any time, should you wish to sell your Bond, you can do this through your bank or broker. You will receive in payment every cent you put in, and probably a substantial premium as well.

Should you wish to borrow money at any time, the Bank will readily take your Bond as security and advance you the required amount.

With the money you lend to Canada, Canada is able to extend credits to Great Britain and the Allies for the purchase of our farm and factory products. The agriculturist is not left out of the country. Canada simply pays it back to the farmer and the manufacturer after the goods are sold to Europe. With the money the farmer receives he is able to buy more products of the factory and grow larger crops. Likewise, the manufacturer is able to hire his employees, thereby employed and increase production.

Increase in production of farm and factory products results in more business for everybody, lowering of the cost of living and steady employment. What we want now to lower the cost of living is "Greater Production."

There is nothing you can do that will better insure your own prosperity than putting your money into Victory Loan
